- Cut out the picture below and the four squares on the next page.
- Add pictures on the triangles marked ☹️, ☹️☹️, ☹️☹️☹️ and ☹️☹️☹️☹️, and colour everything else.
- Cut the Good Friday square into four pieces on the lines (through the cross) and cut the ☹️ triangles apart.
- Fold the big square along the dotted lines and glue on the smaller pictures (instructions on page 2).

# Fold your Fabulous Foldable

- Fold up the bottom third on the dotted line.
- Hold the left side flat and pull the right corner down again, letting the paper crease on the middle diagonal. The right corner should end up pointing downwards. Don't worry, it won't lie flat at this stage.
- Rotate a quarter turn clockwise and repeat with the next two corners.
- For the last corner, you will need to lift the first flap so that you can fold up the final third.
- This makes a windmill shape showing the words 'the friends of Jesus were very ☹️' (Clever, eh?)
- Stick the four ☹️ triangles on the four 'wings' of the windmill:
  - ☹️ by 'the friends'
  - ☹️☹️ by 'of Jesus'
  - ☹️☹️☹️ by 'were very'
  - ☹️☹️☹️☹️ by ☹️
- Fold the top wing down over the central square. Repeat, going clockwise, tucking the last wing under the first.
- Stick the four Good Friday triangles on the front and the Story of Easter square on the back.

## Then tell The Story of Easter

At Christmas, God became a human called Jesus. Jesus grew up and was a good man. He helped people and told them how much God loves them.

Some people did not like Jesus and they killed him on a cross. This was Good Friday.

When Jesus died, he was like a cloth that wipes away all the bad and dirt, and makes us all clean. Jesus can do this because Jesus is God.

His friends put him in a grave. But Jesus did not stay dead. His friends went to his grave on Easter Sunday morning, and Jesus was not there. He had come back alive! They had breakfast with Jesus and were very happy.

Jesus is good and Jesus is God. At Easter we remember that Jesus is alive!
